Grand Rapids Foam Technologies (GRFT) is a family-owned polyurethane foam manufacturer that provides personalized services to each one of our valued customers. That is not to say that we are a small business. In fact, we are one of the largest custom polyurethane molders in North America.

**SOME of the BASIC FUNCTION OF ALL PRODUCTION OPENINGS INCLUDES BUT NOT LIMITED TO:**

1. Work with foam products
2. Inspect the parts thoroughly for conditions that are non-conforming to customer specifications.
3. Cleaning stick spots per work instruction, and ensure vents are free of foam.
4. Keeping work area orderly during shift, and clean thoroughly after shift.
5. Complying with Personal Protective Equipment (PPE), Lock Out, and all other Safety requirements.
6. Assisting in any other tasks assigned

**Experience Required:**

Ability to understand and carry out verbal and written instructions.

Ability to use hand tools as required.

**Physical Requirements and Work Environment:**

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this position, the associate is regularly required to sit for extended periods while working on computer keyboard.

The position is frequently required to stand, use hands and fingers to handle or feel. The position must occasionally lift up to 10 pounds and have specific vision abilities related to close and color vision. While performing the job the position is occasionally exposed to moving or mechanical parts and moderate noise levels and working in a factory environment. This position may occasionally be required to travel overnight to perform essential functions at remote locations or receive training. The position may be required to work overtime (unplanned and unscheduled) to meet deadlines and requirements.
