

As a faith-based/mission driven organization, Leaves' in-home care companions allow seniors to enjoy the dignity and independence of living life where they choose. As we love and let our light shine, we provide companionship, homemaking, personal care and individualized dementia care. We are driven by the relationships we build with our clients and their loved ones, as well as our caring staff.

Most people would like to stay in their home as long as possible. You can help make independence a reality for seniors in West Michigan who need a little help with personal care or homemaking. As a Care Companion, you'll not only be providing more than valuable services that empower the elderly, you'll also be offering much-needed companionship and compassion. In short, you'll be improving the lives of others while enriching your own life.
