

Draft of email to students with outstanding balances to invite them to register for classes

We are excited to inform you that as part of the *Higher Education Emergency Relief Fund* (HEERF) program Grace Christian University is now allowing students with outstanding balances to register for classes this fall. GCU has earmarked relief funds to assist students who wish to continue their education but have experienced financial hardship due to Covid19 and have an outstanding balance from the previous academic year. Please email the GCU Registrar's office at registrar@gracechristian.edu as soon as possible. We will be sending you further information regarding relief funds in the coming days. If you are already registered, simply stay tuned for further relief fund information.

We look forward to seeing you on campus this fall!
